Mathematics

English/Language Arts

Mathematics

English/Language Arts

Advanced

Proficient

Well prepared to work at next grade level; exceeded expectations

Well prepared to work at next grade level; met expectations

Basic

Met standards; minimally prepared, can go to next grade level

Did not meet standards; must have an academic assistance plan; the local board policy determines progress to the next grade level

NOTE: Science and social studies are to be included in the 2005 school report card.

# EVALUATIONS BY TEACHERS, STUDENTS, AND PARENTS

### REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2002-2003 academic year began in the blistering heat of August with New Parent Orientation on the evening of the fifth, Back-to-School Night on the seventh, and the children arriving on the twelfth. In September, with the generosity of the Buist Foundation, a first grade classroom and kindergarten classroom received new spectrally selective windows that lets the light in and keeps the heat out. In addition, old carpeting, asbestos, and floor tiles were replaced with "Interface Cubic" carpet squares. This environmentally friendly floor covering is less likely to trap dust, mold or mildew. The use of the carpeting came about from a study completed by sixth grade gifted and talented Earth Force students in the spring of 2002. Our PTA produced an outstanding silent auction and fall festival in November. Their efforts provided new instruments for the music room, a computer and supplies for the art department, and new equipment for physical education.

In the area of academics, a modification was made in the structure of the Middle School. The sixth graders' schedule was modified to allow them to be clustered with two instructors for the majority of the day, versus changing classes every sixty minutes to work with five different teachers. Transition to Middle School has always been difficult for our fifth graders. The faculty anticipates that the additional year of maturity will enable the students to be ready to encounter a larger number of teachers with a variety of teaching styles.

All faculty members were involved in International Baccalaureate training either during the summer of 2002 for the Primary Years Program or the Middle School Program in the fall. The down turn in the economy and subsequent freezing of school funds has precluded us from further training. We intend to continue our IB studies this coming year.

With the addition of eight new computers in the computer lab, we now have twenty-seven Dells. Beginning in the fall of 2002, the eighth grade classes completed their computer course by taking a proficiency test. Successful completion of this test allows the students to exempt introductory computer courses in high school. Buist was one of nineteen schools in Charleston County chosen by the State Department of Education to win the Palmetto Gold Award for outstanding academic improvement. Twenty-nine of the forty-two eighth graders were South Carolina Junior Scholars. Seven seventh graders were recognized as Duke University TIP scholars. Buist's seventh and eighth graders ranked in the top ten levels of the National French and Spanish Exams. One eighth grade student received a scholarship to attend The Lawrenceville School in Princeton, New Jersey for high school.

Our School Improvement Council met monthly. They responded quickly to the district's mid-year financial crisis by organizing a writing campaign to legislators, and board members. Their support to the school and faculty was invaluable.

Sallie L. Ballard, Principal

### DEFINITIONS OF SCHOOL RATING TERMS

- Excellent School performance substantially exceeds the standards for progress toward the 2010 SC Performance Goal
- Good School performance exceeds the standards for progress toward the 2010 SC Performance Goal
- Average School performance meets the standards for progress toward the 2010 SC Performance Goal
- Below Average School is in jeopardy of not meeting the standards for progress toward the 2010 SC Performance Goal
- Unsatisfactory School performance fails to meet the standards for progress toward the 2010 SC Performance Goal

## DEFINITION OF ADEQUATE YEARLY PROGRESS

As required by the United States Department of Education, adequate yearly progress specified that the statewide target is met for all students and for each subgroup of students: racial/ethnic, economic, disability, limited English proficiency and migrant status.
